

District 6 Fact Sheet

Serving Fresno, Kern, Kings, Madera and Tulare Counties

State Route 58 Mojave Freeway

July 2002

Project Purpose:

The purpose of this project is to reduce existing and future traffic congestion, improve the level of service and improve motorist safety throughout the Mojave area. This project will decrease congestion in downtown Mojave by allowing thru- traffic on State Route 58 to flow uninterrupted on the new access-controlled freeway.

Description:

Construction began in January 2001. This project is 10 miles of a new four-lane freeway. This new alignment begins on existing State Route 58 five miles northwest of Mojave, crossing State Route 14 northeast of Mojave and reconnecting with existing State Route 58 five miles east of Mojave. The Construction Engineer is Roger Henderson. Project offices are located 2.5 miles northwestern of Mojave on State Route 14.

Construction Cost:

\$76.3 Million

Estimated Completion Date:

December 2004

Funding Sources:

Federal and State gas tax revenues.

Agency Responsibilities:

Caltrans: Planning, design, right of way acquisition, and construction management, and maintenance.
